

# BALDOCER

## B|Healthy

Suitable for all types of installations that require hygiene and cleanliness guarantees with convenient maintenance.

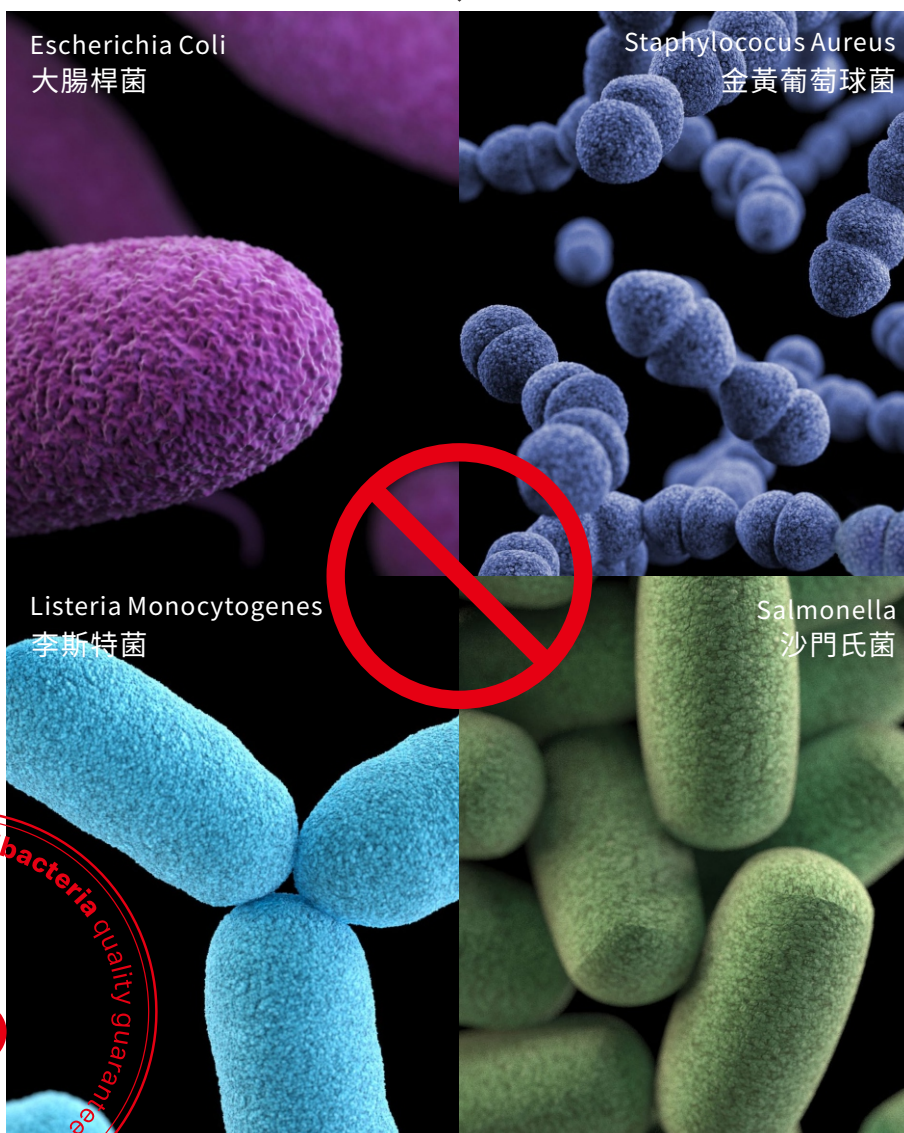

More durable tiles thanks to the fact that we avoid the degradation of the ceramic that can cause bacterial colonizations.

The antibacterial action of glazes makes our ceramic pieces an ally of health where it is installed and also helps to avoid the appearance of dark areas and bad smells.

能有效減少

Escherichia Coli  
大腸桿菌

Staphylococcus Aureus  
金黃葡萄球菌

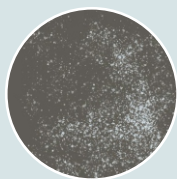

Listeria Monocytogenes  
李斯特菌

Salmonella  
沙門氏菌

This is how bacteria evolve  
細菌是這樣進化的
